THIRD EDITION

PERSONAL.

Superintendent Baird and daughter, Miss Nellie, spent today at the county seat.

Dr. E. E. Kuder, the veterinary surgeon of Mahanoy City, was a visitor to town yesterday.

Mrs. John Roberts and Miss Ida Kohn left for Wilkes-Barre today to spend the Easter holidays.

Mrs. W. J. Evans, of South West street, spent yesterday afternoon with friends at Mt. Carmel.

Robert Thomas, of Philadelphia, was in town today paying the employees of the Kehley Run colliery.

Gen. Louis Wagner, of Philadelphia, was in town last evening, looking for a new picnic ground, we presume.

R. J. Layton, formerly of the *Frederick Crescent*, is now city editor of the *Independent Legal American*, of Alabama.

Druggist M. R. Stein and James Stillman, of Mahanoy City, were guests at the Gatter residence on West Cherry street last evening.

Dr. J. E. Shadle started from town this morning for his home in St. Paul, Minn. He said his visit was of a most pleasant and agreeable character.

M. P. Quinn, of Pottsville, one of the big Democratic bosses, was in town yesterday on business but did not escape being importuned by numerous applicants for government positions. Mr. Quinn, we believe, would be only too happy to accommodate all the patriots had he the power.

That old established cough remedy, *Dove's Elixir*, still more than holds its own in the public estimation, despite sharp and active competition. It is a "home remedy," and in this locality needs no word of praise from us, so well and favorably known is it. It is the standard remedy for coughs, colds and all throat troubles, with great numbers of our people, and their continued use and unqualified recommendation of it speaks volumes in its favor.—*Burlington, Vt., Free Press, January 25, 1892.*

Political Points.

For some unexplained reason Pennsylvania voters who want Federal office no longer go to Washington to make their calling sure. They simply flock to Harrisburg.

The Democratic Moses who was to lead the Democrats out of Egypt and through the wilderness, had better be watched, or he may steal the golden calf and Aaron's rod, and other valuables not itemized in the published bill of expenses. When a fellow starts out to reform everything else, he sometimes forgets to attend to his own case.

Hill and Murphy have been turned down again. Cleveland has no use for them.

Congress will meet in extra session in September. Cleveland wants the tariff laws repealed.

It has been proven by living witnesses that *Pan-Tina* is a most effective specific for the quick cure of the difficult and "icky" cold, throat and lung troubles—its equal can't be made. *Costs 25 cents.* *Pan-Tina* is sold at P. P. D. Kirtin's drug store.

Coming Events.

April 3.—Easter ball; Robbins' opera house.

April 10.—Fair and festival, G. A. R. Widows' and Orphans' fund; Robbins' opera house.

Piles or Hemorrhoids

Permanently cured without knife or ligature. No danger or suffering. No delay from business while under treatment. Patients who are responsible need not pay until well. A perfect cure guaranteed. Send for circular.

The Pottsville headquarters for Shenandoah people and others living North of the Mountain, for hot toddies, hot punches, beef tea and all kinds of wines and liquors of the best brands, is the Academy Restaurant, John F. Cooney, proprietor, M. A. Cooney, assistant.

A regular meeting of the Soldiers' Monument Committee will be held in the Council chamber on Friday evening at 8 o'clock. A full attendance of the representatives is requested.

Superior goods at 25 per cent. lower than elsewhere at Holders' jewelry store.

Wanted.

To complete files, two copies each of the *Evening Herald* of January 1st, 2d and 4th, and February 5th, 1892. A liberal price will be paid for the same.

When she became Miss, she clung to Castoria.

OBES' OBSERVATIONS.

What He Sees and Hears During His Travels.

The late Anthony Guy who was killed on the railroad at Gordon on Monday last was probably one of the most popular men who ever held membership in the Columbia Hose Company. He was also one of the oldest members and while a resident of this town was tireless in working for the interests of the organization. Three of the company's members went to Gordon and served as pall bearers and thirty-three met the remains at Mahanoy Plane and escorted them to the last resting place in Frackville.

The mention I made in this column recently in reference to the organization known as the Bachelor's Club, has been productive of some good. It is reported that several of these young men have severed their connection with the club, and are once more enjoying the company of the gentler sex. I have also been the recipient of several dainty letters from the fair sex, the tenor of which prove conclusively that the majority of the young men in the above club have met with reverses in their love affairs, and are now looking for revenge. Don't be so foolish, young men! If one young lady doesn't appreciate your good looks, there are others who will. I do not think, however, the headquarters of this club should be in so prominent a place as a barber shop.

As a freight train made a sudden halt on the Lehigh Valley railroad, near Emerick street, yesterday, to allow a pig to cross the track, an eye witness remarked that the engineer was very considerate of other people's property. "That was not the cause," said a railroader. "An engine near might strike a cow or a goat and think nothing of it, but he will draw a line on pigs, especially old ones. Their skin is so tough and they know that in nine cases out of ten they will throw an engine off the track if they get under the wheels, and there is nothing that provokes an engineer more than to have his engine run off the rails, no matter how slight the accident may be."

Points.

Fillings are already plenty.

"Planked" shad after to-morrow.

The lunch fad will be out of a job now.

The theatrical season is coming to a close.

Winter is still lingering in the lap of spring.

Watch for the pretty Easter bonnets on Sunday.

The Mt. Carmel *Daily News* has been enlarged.

First organ grinder of the season in town yesterday.

The post office was open to-day up to 12 o'clock only.

Trips to the woods for trailing artists will soon be made.

There is plenty of work for painters and paper hangers in town.

There will be a heavy demand for eggs to-morrow and the supply will be fully as great.

It is to be hoped that the judges of the license courts will succeed in their resolve to break up the free lunch custom in saloons. This lunch is a standing temptation to the headwinds and losers, who have only to raise a nickel cash to get the meal they ought to earn. It is such characters as these lounging about saloons that create the disturbances which lead to violence there. Besides this, many an honest working man all for a day lays liquor for the sake of the lunch, and often remains drinking until he has spent ten or twice what a hearty dinner would have cost him. The free lunch, like the free soup house, is a degrading thing, no matter in what spirit it is offered, and ought to go.

USE DANA'S SASSAPARILLA FOR "THE KIND THAT CURES."

Source of Danger.

The other day a physician chanced to see some mounds of jelly standing just outside his kitchen window. He asked his wife if it was the cook's custom to leave the jelly thus unprotected. She replied in the affirmative. Then he said: "Don't you know that when we medical men want to secure minute organisms for investigation, we expose gels to the air, or in places where we have confined malignant germs? The gelatine speedily attracts and holds them. I'm afraid your flavored gelatine does the same. Cool the jelly if you must, but cover it with a piece of sheer close muslin, or, better, if you have it, some pieces of glass, taken from some broken window pane." There is a hint here for everybody. It is to be feared that kitchen processes are sources of illness more often than is imagined. In many houses the little kitchen annex, where stands the refrigerator, and where various eatables are kept, is directly against a drain and a closet. Yet here stand daily unremoved milk, butter, often custard and puddings and various other absorbents. The average cook is absolutely ignorant of sanitary cause and effect, and the eternal vigilance of the house-mother is the family's chief safeguard.

"More Facts."

The Chicago, Milwaukee & St. Paul Railway Company has just issued another fifty page, handsomely illustrated pamphlet, giving "More Facts" about South Dakota, regarding agriculture, sheep raising, climate, soil, and its other resources. It also contains a correct county map of North, as well as South Dakota. It will be sent free, to any address, upon application to John B. Pott, District Passenger Agent, Williamsport, Pa. Write for one of them.

Still for Sale.

The article in yesterday's *HERALD*, in reference to the sale of M. P. Conry's property on the corner of White and Centre streets, has proved to be a false rumor. Mr. Conry informs us that the property is still for sale.

Hand Lacerated.

Patrick McClain had one of his hands badly lacerated by a falling piece of coal in the Gilberton colliery yesterday. The injuries were dressed by Dr. Stein.

W. J. Morgan, the hatter, will be found at No. 16 South Main street after April 1st.
